## THE WILL IS FIRM

Born in suffering

Struggle to make a living

Once obtaining Dafa

Return—steps not stopping

July 19, 2004

## RETURNING

Amid the boundless sea of people, I am calling out

The Falun in the end times has been turning

Descending to the human world for Fa is your vow

Awaiting, through thousands of years of reincarnation

For the sake of beings in your paradise

Don't let the lies confuse you

It's Gods who told us to spread the truth

It's the call of the Creator

Spring 2009

## TRUTH ALREADY CLEARLY TOLD LONG AGO

Piercing clouds and mist, descending from beyond heaven  
Drifting around the world, and buried in the dust  
Through the years of great changes, reincarnate again and again  
Coming to this world just to gain the Fa

In the boundless sea of people, where shall I search for It  
Heaven and Earth grow old, and human hearts decay  
Gods and Buddhas come to earth to spread Dafa  
Truth already clearly told long ago

Autumn 2009

## DISPELLING YOUR DELUSION

Though happiness is human hearts' desire  
Misfortune often accompanies people  
However strong and tough you are  
However modest and able you are  
Fate will always look down on you  
Do not complain

But hold on to your kindness

You have forgotten the true wish and hope with which you came

I wish my song could help unlock your heart

I wish my song would help dispel the delusion that binds you

Winter 2009

## WHERE'S THE WAY TO HEAVEN

Where's the way to heaven

Passion and illusion block your way

Why don't you see Gods

Stepping out of fame and gain, your eyes will not be blind

Most people have come from heavens

Human beings you become, so you can meet the Creator

He will come toward the end times, and save beings human and divine

Atheism and evolution are lies

Science has misled the people down a dangerous course

Go back to seek the traditional way

At the end of the way, all Gods are

Winter 2009

## GLORY AGAIN

Destroy the “Four Olds”  
And the “Stinky Number Nine”  
Five thousand years of civilization  
Has been left in ruins  
Campaigns incessant  
Millions upon millions of souls wronged  
Rivers and streams run dry, the land is barren  
Scars and sores all over the divine land  
Party culture  
And the evil theory of struggle  
Rigidly controlling people  
“June 4th” blood  
And Dafa disciples’ souls  
Fighting with Heaven  
And fighting with Earth  
Bold is the evil that  
Dares to kill disciples of a Buddha way  
Exhausting all evil tricks, riding a tiger it’s hard to get off  
The time has come to eliminate the red dynasty  
No place for it to escape  
When truth is displayed before the world’s people  
Glory again

New Year's Day 2010

## GODS ARE CHOOSING LIVES

Don't let power and money blind you  
Human positions are not divine  
Power and money can make you reckless  
Nothing permanent achieved, a dream still  
Should we cross paths, I expect nothing—don't be too cold  
All disciples of Fa are saving people  
In the chaotic world, Gods are choosing lives  
Only kind ones board the boat that saves

March 3, 2010

## PUSH THE DOOR OF DELUSION OPEN

People of the world originally came from heavens  
Entering the dusty maze to gain the Fa  
How many a life you've had, from ancient times to now

Already it's the end times, so seek the Lord God  
You all know the Fa is spreading now  
Yet the truth is mixed with lies, confusing people  
Who is kind and who is evil—you should tell apart  
Truth will push the door of delusion open

Spring 2010

## WHY IS IT HARD TO SAVE YOU

The prophets through the ages have predicted  
All beings will face grave danger at this time  
The net is open on one side—there's the truth  
So learn it with your heart—don't be insincere  
Just why are people of the world so hard to save  
The evil Party's media fills them up with lies  
Though all know that evil is the red Party  
Why do you assist it, and have no sympathy

April 6, 2010

## STIRRED BY REFLECTION

Through wind and rain for ten years, lotus blossoms fill the courtyard  
Orange, yellow, purple, green, lighting up the highest heavens  
Once tempered many times, diamond's purity now shows  
True thoughts transform the whole sky bright  
Dafa disciples walk the world, compassionate they are  
With kind thoughts, saving people, eliminating the evil specter  
With righteous thoughts each step of the way—in the world are Gods  
Returning with full bounty, they're received by all Gods

June 29, 2010

## BECAUSE WE MADE A PACT

Before descending to the world, we made a pact  
Whoever gained the Fa first would look for the other  
I offer you the truth now, why do you refuse  
You've been fed too full with the lies of the persecution  
How much do you know about Falun Gong  
It is a divine path that cultivators walk on  
Calamity has arrived before the world's people  
If you contain poison, you'll disintegrate with the red demon  
To save the people, we seize every minute, every second

My wish won't be fulfilled unless you can be saved  
To save people, I fear no violence  
Because we made a pact before descending to the world

August 16, 2010

## TAKE MY WISH

White clouds float across the blue sky  
Please bring joy to the one in my heart  
Millions of years of waiting, not in vain  
Dafa spreads widely, and I find my predestined tie  
No more searching in confusion from now on  
Clouds float away over the blue sky  
Please take my wish to the one who's dear to me  
With her, forward I'll strive—together we cultivate

Summer 2011

## THIS MUSIC IS TRUE

I don't know who you are  
And no matter where you are  
I know most people came from heavens  
To wait for the Creator  
Only with sins eliminated can you return to heaven  
When Gods and Buddhas come to the world, demons are bound to go mad  
Do not believe the lies of the red demon  
That is to stop your reconnecting the sacred tie  
Seek quickly Dafa disciples to learn the truth  
It's what you've been waiting for through the eons  
It's your last hope

Summer 2011

## HOW LONG IS THE PATH OF MAN'S LIFE

For whom do you busy yourself in the world  
How long will the good life last in the end times  
How long is the road ahead  
How many disasters will come to your side  
When lamplight is dying, it suddenly brightens

Under last rays of sunset, things appear orderly  
Calamity has come, and so have Gods  
Truth dissolves sorrow, connecting to heavens

July 23, 2011

## DAFA IS SPREADING, YET STILL YOU ARE LOST

The morning sun rises in the east, moving west steadily  
Amid formation-stability-degeneration-disintegration, all things deviated  
Gods have descended to the human world to await Dafa  
Obtain the Fa and return to heaven—that's your original wish  
Don't let money blind you  
Lest you leave empty-handed after a lifetime, your efforts in vain  
Reincarnating in the sea of suffering just for this moment  
Dafa is spreading, yet still you are lost

Autumn 2011

## THE PATH GUIDED BY GODS AND BUDDHAS

O people of the world

To save you, I fear not the red demon's cruelty

The truth I offer you is your hope

It will help you cough up the pill of delusion you were forced to swallow

Seeing Dafa that guides your return to heaven

And hearing the Creator's call

For this you descended to the world, enduring bitter suffering

Saving people amid danger is my promise

This is the path guided by Gods and Buddhas

Autumn 2011

## A SONG IN MY HEART

In the depths of my heart is an ancient song

Its melody flows with a longing

Whenever I'm wounded, in body or heart

Whenever I feel lost in my life

This song I will sing in my heart, silently

To kindness I hold on, and there will be hope

Our home is in heaven

This melody I'll never forget

Autumn 2011

## REFLECTION ON MID-AUTUMN DAY

How often does the full moon hang high  
Mid-Autumn at Dragon Springs, the ancestral home  
Silvery moonbeams above, the night still chilly  
Sons and daughters of China joyous, but with sorrow  
Moonbeams light the vast sky, the air is getting clear  
The red tide is receding, ghosts want to escape  
The grand wave of Fa-rectification sweeps Heaven and Earth  
Not stopping until all evil is eliminated  
The Three Realms shall return to righteousness  
Once the Fa rectifies the human world, enjoy the Mid-Autumn again

Mid-Autumn, Eighth Lunar Month, 2011

## REFLECTION

What is Heaven

What is Earth

Human eyes see human principles

What is God

What is soul

The foolish ghosts cannot recognize Gods

Time-space is manifold, yet people don't see

All beings' bodies intersect

Your church—his pigpen

Your dinner table—his toilet

You value reality, he says you are a fool

Human wisdom has superior and inferior lots

January 4, 2012

## LIFE COMES FROM HEAVENS

Human life is like a maze—where is it headed

Where did I come from—it's a hazy mist

Reincarnating again and again, changing skin colors

King or commoner, rich or poor—who guides the changes

Most of the world's people came from heavens

Dropping down to remake themselves, and returning to heaven again

Tossing round and round in the human world, awaiting the Fa

Dafa can forge immortals of righteous awareness

Early 2012

## WHATEVER PEOPLE DO, GODS ARE WATCHING

The great river flows east, never to return  
Time passes, things change, never to recur  
Gods are watching and recording it all  
Persecuting Dafa disciples—who's shameful  
Red dynasty's lies deceive the world's people  
The clowns waggle, wanting to reverse Heaven and Earth  
Falun turns again, the heart is the key  
Evil wind of the end times won't last endlessly

Spring 2012

## TRUE WORDS

Formation-stability-degeneration-disintegration is the law  
Cosmic bodies will meet with disaster at the end  
Seeking Dafa to save beings in heavens

Myriad Gods came down to the world, enduring hardship  
Do not miss what you've been awaiting for thousands of years  
The Creator, the Lord God, has come long ago  
Spreading Dafa widely and saving all beings  
The red demon spreads lies, churning up dust  
Hard to tell truth from falsity—heart is the guide  
Don't you see the heavenly gate is open, after eons  
In delusion, you've forgotten who you are  
The truth of Dafa solves the riddle  
Your heavenly family is waiting  
Quickly board the Fa boat, shedding your human skin

March 15, 2012

## CHOICE

Born in the East is the Dafa that saves the world  
But it's not the evil Chinese Communist Party  
Why has the Creator chosen that land  
Because burning the evil Party can temper diamond  
Aren't Dafa disciples the same as the enlightened ones who've suffered  
Do not choose a wrong direction  
Curry favor with the evil regime, you're duped by the demon's tricks  
Dafa has spread from China to the West

Know the truth—that's your saving hope

May 3, 2012

## WHERE ARE PEOPLE COMING FROM

Geese flying south come from the north  
Do you know your home is a palace in heaven  
What made you descend to the world, and be buried in dust  
Who arranged the cycle of reincarnation  
Why do you have a special affinity with Gods and Buddhas  
Falun Dafa can explain the truth clearly  
Don't see only that we are enduring amid persecution  
That's the dust stirred up as we save you

Summer 2012

## WHAT I SING IS THE TRUTH

I tell you the truth with my singing  
Human life isn't for devotion to the evil Party

You and I have both come from heavens  
Reincarnating time and again, not to get ahead  
But to wait for the Fa King who created the universe  
Do not believe the red demon's lies  
The red wall will be toppled so as to save you  
Persecution is on the surface  
Evil has been challenging Gods  
Do not miss this chance of the eons  
I sing of the hope you've long awaited

July 1, 2012

## DESTINY OF LIFE

Too swiftly time flies  
Wishes unfulfilled, old age sets in  
Too many regrets  
Too many feelings  
Human life is but a short visit for a few days  
Yet you forget the reasons why you came  
Bringing hope and pleas for salvation from the heavenly kingdom  
And to receive the Creator's help  
You came down level after level, resolute, no turning back  
Yet illusions in the human world led you astray

Achievements in fame and gain count for nothing  
Obtain the Fa to return to heaven—that is your destiny

July 8, 2012

## I TELL YOU WITH MY SONGS

I travel between the world's stages  
Sweat and tears accompany the music  
Applause and laughter mix into a chorus  
Because I tell the truth with my songs  
And I spread hope through dance  
The Creator's voice of Fa is resounding between Heaven and Earth  
This is what people have been awaiting for millions of years  
In order for you not to miss this opportunity  
I fear not oppression, and withstand lies  
Traveling between the world's stages  
I tell you the truth with my songs

Autumn 2012

## SEEING THROUGH IT, IT'S NOT A MYSTERY

The bright moon oft appears  
When drunk, don't seek answers from the heavens  
Celestial palaces are rarely seen by humans  
This night is the final year  
What's gone with the wind is dust  
Cowards fear the chill on high  
Climb up high, embrace the bright moon  
Goddess Chang'e in the human world  
Gaze at the full moon now and then  
Gain the Fa, returning to heaven

Mid-Autumn 2012

Note: It is said on the internet that the archfiend used a verse from Su Shi's poem "Prelude to the Water Melody" and said it wants to "ride the wind and return." I laughed, and wrote this piece.

## MID-AUTUMN TUNE

Crisp autumn and bright moon—returning again  
Wandering in the human world—thousands of times  
How many heroes have there been  
Bright moon hanging high, all below in full view  
Danger in the end times is right in front of you

Heroes of the past wait to reach Consummation  
Assisting Master to save people, they cultivate in Dafa  
Brighter than the moon, flashing is the divine light  
Creating the cosmos, changing Heaven and Earth  
Remaking the bright moon so the night will not be dark

Mid-Autumn 2012

## WATCHING THE MOON

Bright moon, companion to the autumn breeze  
Goddess Chang'e, gifted at the ancient zither  
Joined by the wind chimes hanging off the roof  
Heavenly maidens' laughter abounds  
Sky is vast, ten thousand miles  
Brilliant as if a sea of lanterns  
Though midnight, Heaven and Earth are bright  
Laughing and talking till the early morn  
Clouds shimmering under the moonlight  
Reincarnating in life's cycle again and again  
Wandering in the human world  
So the saving boat you can board

Mid-Autumn 2012

## THIS IS YOUR BLESSING

What are we waiting for in human life  
Who's in command between Heaven and Earth  
Falun Dafa unlocks the mystery in my mind  
Most people have come from heavens above  
Coming to the human world to save cosmic bodies from peril  
Since the Creator will right the universe's Fa  
Gain the Fa, be remade—only then can we return to heaven

Winter 2012

## SING A SONG TO CALL OUT TO THE WORLD'S PEOPLE

I sing a song to call out to the world's people  
Before disaster strikes, Gods will surely come  
The Dafa disciples spreading the truth  
That's Gods opening up heaven's gate  
The world may bustle, chaotic signs entangling in the end times  
The red demon is spreading lies at the same time

The gate of heaven closes soon as it must  
How many will return, how many turn to dust

Winter 2012

## HEAVENLY SECRET

It is the same whatever nationality you are  
My songs will tell the truth to you  
Do you know where you've come from  
And why you have a human form in countless reincarnations  
Most people of the world were Kings in heavens  
Descending from above to save their sentient beings  
The Holy King comes to the world to spread Dafa  
Fulfill your vows, so your wisdom will shine forth

Winter 2012

## SAVING ALL BEINGS

Human life is like a play, one scene after another

Fame, gain, qing, hatred—like fleeting clouds  
Changing roles in every lifetime through reincarnation  
King or commoner—engrossed in the play  
Beings originally were in heavens  
Coming to the human world to seek Dafa  
To gain the Fa, you must wait for the Creator  
Cultivate, remake yourself, then return to heaven  
The Creator, the Fa King, has already come to the world  
Spreading the Buddha Fa in human form, He stops the raging waves  
Do not let your attachments block your way  
Missing the chance, you will regret endlessly

Winter 2012

## LIFE'S TRUE MEANING

Heaven and Earth lost righteousness  
Red demon rises in the end times  
The Creator has come to the world  
Righteous and evil in contest, shocking Heaven, shaking Earth  
This is not sleep-talking  
It's to spread the truth  
Though persecution is so sinister  
Saving people will stir up dust and brutality

Lies blot out Heaven, blanket Earth  
Yet tribulations are forging disciples of the Lord God  
Saving people in the end times is Gods' will  
Out of compassion, I'll give up not even one person  
Find the truth quickly  
That is the true meaning of your life

Winter 2012

## I SING FOR YOU

Dear friend  
I sing for you  
My song carries my sincerity  
My song speaks to you my heart's feelings  
Dafa disciples are Gods' messengers  
Telling the truth to save the world's people  
Nero was a devil  
The red demon is no different now  
Lessons from history should not be forgotten  
Those laughing now will regret later  
Those awakened are always walking on the divine path  
Dear friends  
I am singing for you

This is the hope you've been awaiting

January 10, 2013

## **THIS IS MY WISH**

To save sentient beings, I spread the truth  
Do not hold on to lies, and refuse the call  
I don't intend to change your beliefs  
Do not be deceived by the persecutors' propaganda  
I won't ask you to become a Dafa disciple  
Saving people is the vow I made to Gods  
Eliminating the danger for you before disaster strikes  
Since you once pleaded to Gods to save you back to heaven

February 6, 2013

## **HUMAN ATTACHMENTS BLOCK THE PATH**

Looking for an immortal, seeking the Dao, you wish to live forever  
Trotting among all the temples, you're aging

Reading thousands of volumes of scriptures, you've become a scholar  
Discussing Buddha and the Dao emptily, under dying light  
Waiting, then the Creator comes at last  
Descending to the world to save people, the red demon raging  
Who can tell true words from rumor  
Your hearts are tested before boarding the boat of salvation

February 6, 2013

## THE FA BOAT WILL SET SAIL—WILL YOU COME ABOARD

Descending to the world to wait for Fa and save lives  
Reincarnating again and again, lost in the maze  
Searching and searching, but where is the Fa  
Discussing scriptures emptily, under dying light

The Creator, the Fa King, holds up heavens  
The Fa is spread in the end times, the red demon rages  
True words or rumors are for you to tell apart  
The Fa boat will set sail—will you come aboard

February 6, 2013

## ALL BEINGS RETURN

Holding back raging waves to save the firmament  
The Fa Lord creates the world, and Gods descend  
Most people of the world are guests from heavens  
To save beings in heavens, they await the Fa's spread  
Easy to descend to the world, hard to return to heavens  
Lost in fame and gain, bound by qing  
The Creator, the Fa Lord, has finally come to the world  
Disclosing heavenly secrets, setting up the podium for teaching Fa  
Learn the truth, and board the boat of salvation

February 7, 2013

## DAFA DISCIPLES' COMPASSION

I have explained to you  
Yet you still believe the lies of the oppression  
Saving people is the promise I made to Gods  
Working hard, no one giving me a cent  
I only wish to save you amid danger  
That is a Dafa disciple's compassion

That is your long-cherished wish from when you came

That is your hope for returning to heaven

That is the Creator's call

Early 2013

## HOW MANY IN THE WORLD HAVE AWAKENED

The setting sun illuminates the evening clouds

The evening light is always tinged with sorrow

Last rays have beauty for only a moment

The darkness seeps through edges of the clouds

The last flash dies off in the Central Plain

How many buildings will remain after the end times

Where will people go

The wise ones will surpass the Kings and Lords

Early 2013

## EXPRESSING DIVINITY

Songs, not of the human world  
Dances, as if from heavens  
Exquisite are the heavenly maidens  
Floating gracefully across the stage  
Human or divine—both, they seem  
Shen Yun dances bring forth the three domains

March 25, 2013

## CHATTING OVER TEA

Bright moon streaming out a glow of silver  
Several cups of light tea by temple and tower  
Over tea, chatting all about Shen Yun  
Behind success is a taste that's bitter

June 19, 2013

## THE MOON IS BRIGHT

From ancient to today, the bright moon shines  
Songs through the ages exalt Hong Yin  
Reincarnate again and again just for today  
True gold is at the end of the path divine

June 21, 2013

## COUPLET

### THE SOURCE OF ALL FA

Zhen Shan Ren—three sacred words have boundless Fa powers  
Falun Dafa is good—true thoughts alter all disasters

Summer 2013

## WHY DO YOU REFUSE

Before descending to the world, you made a pact with the Creator  
When Dafa is spread widely, make sure you are found

I tell you the truth now, why do you refuse it  
How many people have their minds filled with the lies of the persecution  
Kind people, don't go along with the propaganda  
The path we take is guided by Gods  
To save people is my promise to Gods  
Before the great disaster comes, we must seize every minute, every second  
To save people, I do not fear ridicule  
To save people, I do not fear brutality  
Only when all beings gain the Fa will my wish be fulfilled  
Only when all beings gain salvation will my wish be fulfilled

Summer 2013

## A DREAM FROM LONG AGO

I've been searching for that dream from long ago  
It was like a fairy tale, yet incomparably sacred  
At that time, I signed a contract in heaven  
I kept descending, just to fulfill my mission  
Reincarnating again and again, lost in the sea of suffering  
Finally that distant dream becomes true  
The Creator has come to spread Dafa, saving beings to high levels  
For this I came down to the world to wait for the Fa  
I have fulfilled the contract from a prehistoric time

What is taking place is not a fairy tale  
Many people have the same dream as I

Summer 2013

## LIFE'S TRUE MEANING

How unpredictable are changes in life  
Joy always accompanies sorrow  
And happiness is often built on hardship  
Once hopes are lost, I often wonder  
What really is the purpose of life  
Dafa helps me see the truth  
Most people have come from heavens  
When cosmic bodies are in danger, coming to the earth  
And waiting for the Creator to purify their lives  
No longer am I sorrowful, nor feeling lost  
Because the Creator, the Fa King, has come, for whom I have waited  
Because I have stepped on the divine path returning home

Summer 2013

## YOUR LONG AWAITED SONG

My song will tell you the truth  
Human life is not a fight for fame and gain  
You and I both came from heaven above  
Waiting for the Creator, the Fa King, through reincarnation  
Persecution is just an appearance  
It's to block you from seeing the truth  
Before calamity strikes, the Creator has come, spreading Dafa  
I topple the red wall of lies, just to save you  
My song is the hope you've long awaited

Summer 2013

## THIS IS THE TRUTH

Though we do not know each other  
Amid danger I will extend my hand to you  
Because in the beginning, most people of the world came from heavens  
Descending to the world to await the Fa and save sentient beings  
Remaking divine bodies, attaining righteous fruition, returning to heavens  
The wish to attain righteous fruition surely makes demons go mad  
Oppressing Dafa wantonly, spreading lies

That is to stop you from reconnecting with the divine  
That is to prevent you from seeing the truth  
To make you miss what you've awaited through the ages  
Which is your life's hope

Summer 2013

## WHY DO YOU REFUSE THE CALLING

Why do you turn away your face  
I don't wish to change your belief  
Even less do I intend to turn you into a follower of the divine  
That depends on whether or not you are predestined  
Saving people amid danger is the vow I made to Gods  
I only want you to know the truth  
As you once pleaded to Gods to save you back to heaven  
Now you believe the lies and refuse the calling  
What Dafa disciples say—you've awaited throughout your life

July 6, 2013

## WATCHING THE MOUNTAIN

Fog surrounds the mountain, clouds cover the sky  
Mountain tea fragrance, accompanied by the cooking smoke  
Drink in the cup—pure and cool and sweet  
A leisure moment found—amid ten thousand things

August 1, 2013

## CHOOSE THE FUTURE

I have told the truth to you  
Truly persecuted are all beings  
We are saving people before disaster  
Realizing prehistoric promises made to the Creator  
Hard work but with no reward  
This is Dafa disciples' compassion  
This is your wish as you came to be a human being  
This is the hope in your life  
Break free from the lies that fool the world  
Choose the future—with your true thoughts

Autumn 2013

## THE CREATOR IS CALLING ON YOU

People's hope accompanies great disaster  
Gods are fulfilling their vows and promises  
No matter who you are  
No matter which corner of the world you are in  
The Creator is calling on you  
The red demon has started to deceive people  
Righteous and evil reversed, good and bad are hard to tell apart  
Lies in propaganda, and money to buy you off  
So you will not be saved  
So you will not hear the truth  
The truth told by Dafa disciples can dispel the illusion that binds you

Autumn 2013

## ONLY THE CREATOR IS THE HOPE OF HUMANITY

Wanting to fly back to heaven, but I have no wings  
Wanting to transcend the world, but I have no Fa to guide the journey  
Having experienced all the glory and shame in the world

And tasted all the bitterness, joy, and sorrow among men  
When will the Creator arrive  
Only He is the hope of humanity

Autumn 2013

## **DON'T BE LOST**

Thousands of years of reincarnation  
Hardship one lifetime after another  
Lost in the struggle is true nature  
Purity cannot be found again  
Human life is treated as accidental luck  
Atheism is a lie  
The theory of evolution is a joke  
It's the Creator who created humankind  
And He will bring people back to heavens

Autumn 2013

## TRUTH

Have you unlocked your memory from a remote age  
Is the vow made before descending to the world still there  
We've been waiting through reincarnations  
All you've been expecting already came a while ago  
Truth can unlock your long-buried memory  
Truth helps you avoid elimination  
In the end times, human hearts are corrupt  
And truth is covered by too many attachments  
Once you know the truth, you will see  
Why Dafa disciples are being persecuted  
Truth can help you find yourself  
Hearts of the predestined will surge with joy

Autumn 2013

## THIS IS THE SONG YOU'VE BEEN WAITING FOR

I'm singing the song in my heart  
The music has always been with me  
The Creator made Heaven and Earth and the galaxies  
And will spread blessings in the end times  
All beings have been waiting for Him

It's the purpose of life—don't let it pass you by  
Truth will unlock your heart  
Don't see just that we are being persecuted  
That's the red demon being stirred as we save you  
Do not believe the lies of the persecution  
Do not hold on to the prejudice you've been indoctrinated with  
This is the song you've been awaiting for many lifetimes

Autumn 2013

## THE SONG I SING FOR YOU

I have a sacred song telling me  
Who has created Heaven and Earth and the myriad things  
Why human life is a lost journey in the sea of suffering  
Who I am  
Who am I  
In reincarnation, always striving, always lost  
Dafa unlocked my wisdom, helping me  
Understand life, no longer worry about trivial things  
The Creator has come to the world  
Before great disaster comes, He asked me to wake up the lost lambs  
This is the song you are waiting for  
This tune comes from heaven

October 2013

## DIVINE BEAUTY

Floating, their wide sleeves stretching  
Standing like jade, beautiful like fairies  
Turning gracefully, the maidens heavenly  
Gliding in light steps, dancing elegantly

The music comes from up in heavens  
Wondrous tune penetrates the clouds  
The song wipes away ages of dust  
Each note calling you back to heavens

Winter 2013

## THE TRUE PRINCIPLE

My friend  
Gods are not willing to give up on you

Not because you are someone remarkable  
But that's compassion to beings  
Truth will tell you what's behind the illusion  
Smears against Dafa will be washed clean  
Poisoned by the lies is your heart  
While wounds to the body can be healed  
Poisoned lives will dissolve in calamity  
I only wish you could see clearly good from evil  
I wish to tell you life's true principle

Winter 2013

## MY HEART IS AS VAST AS THE OCEAN

My heart is as vast as the ocean  
All under the blue sky is my stage  
Assisting Master to save beings is my promise  
Spreading the truth is Gods' arrangement  
Sweet dew sprinkled all over the land, huts, and palaces  
Eons of waiting are not in vain  
The Creator has already come  
Amid hardship, Dafa disciples are saving beings with all their might  
The crazed ones are standing on the edge of the cliff  
Although the injustice we endure remains

What the red tide raises are the heroes of the ages  
Since we are walking toward a divine future

Winter 2013

## SALVATION

The last page of the cosmos has been turned  
During salvation, Gods ask me to awaken you  
Though we are smeared  
Truth will wash everything clean  
But poison from the lies has remained in your heart  
While bodily harm can be healed  
Poisoned lives will disintegrate with the dying red dynasty  
I wish only for you to discern good from evil  
The choice is up to you  
I only want you to know the truth  
Because you once pleaded to Gods not to abandon you

January 1, 2014

## THE SONG PASSED DOWN FROM ANCESTORS

There's a song in my heart  
Passed down to me from my ancestors  
Gods and Buddhas would come at the red dynasty's end  
Disciples would suffer for the sake of the world's people  
This legend is being fulfilled now in our time  
The melody tells us to be sure to connect to destiny  
That is the last hope of lives  
That is the wish for salvation of all beings

January 9, 2014

## GODS HAVE NOT BROKEN THEIR PROMISE

Gods once promised  
To save people back to heavens in the end times  
All beings have awaited this for countless ages  
Yet when beckoned now—you look, but do not see  
Dafa has been spreading  
Divine followers bear humankind's suffering with their blood  
Though oppressed, they spread the truth to save people  
Gods have not broken their promise  
Yet some people only care about their interests

And don't see clearly the lies of the suppression

They are unwilling to believe that this reality is Gods fulfilling their promise

January 15, 2014

## WAKE UP, WAKE UP

It's too long ago that you descended to the world

Reincarnating for thousands of years

Original nature faded in life's striving

Purity trampled by self-interest

Atheism is a lie

The evil theory of evolution overturned Gods' words

Yet amid disaster, you blame Gods for not taking care of you

Do not use science to push humankind into danger

You came to the world to seek the chance for salvation

Returning to heaven—only this is your life's wish

Returning to heaven—only this is the chance you've been awaiting

January 23, 2014

## BOUNDLESS GRACE

The cosmos and myriad things are made by the Creator  
He shall save beings back to heavens in cosmic renewal  
When God comes, it won't be as you expected  
Don't let your beliefs block salvation  
Nor let emotions hinder your intelligence  
All beings are equal, however you appear  
Salvation depends on whether you are wicked or kind  
The Creator has descended, born in the East  
All divine and human beings depend on His grace  
Heaven, Earth, and myriad things are made by the Creator  
In cosmic renewal, He shall save beings back to heavens

January 23, 2014

## THE CREATOR IS BECKONING

The Creator is beckoning  
For this, all beings have descended to the human world  
The red demon spreads lies at the same time  
People have to discern good conscience from evil thought  
Great disaster is coming, yet salvation is hard  
Since karma accumulated over lifetimes blocks you

What do you choose—it's up to you  
You've waited for this moment for thousands of years  
The Creator is already beckoning

January 30, 2014

## A MOMENT'S REFLECTION

Gracefully, they move across the stage  
Divine music comes from beyond the orchestra  
Young men show their masculine strength  
Beautiful women dance elegantly with long scarves

Humans and Gods dance springs and autumns  
Heavenly music sweeps the past and present  
A performance by Shen Yun  
Renews five thousand suns and moons

February 5, 2014

## I AM HELPING YOU

My friend

I don't want to abandon you

As you once pleaded to Gods to save you

Persecution is on the surface, while the real purpose is behind

That is to stop people from being saved and knowing the Fa principles

Smears against Dafa amid persecution will be washed clean by Gods

While wounds to the body can be healed

Poisoned by the lies, you will disintegrate

Before calamity comes, I'm helping you see the truth behind illusion

Whether you can be saved is up to you

February 6, 2014

## LEGEND FROM MY HOMETOWN

There is a legend from my hometown

When yellow flowers bloom, red flowers will wither

The Creator will come to save people back to heavens

Deceit and persecution will bring disasters from heaven

It's hard to tell how many people will survive the calamity

Those who save people from calamity are divine followers

It's the red demon that's oppressing and harming people

Truth is attacked by lies, intentions are wicked  
Finding the truth—only then can one survive the calamity  
Reality is fulfilling this legend  
Yellow flowers are blooming, the red tide is receding  
The Creator is saving people back to heavens

February 10, 2014

## RIGHTEOUS THOUGHTS

Swift like lightning, soaring to cosmic heights  
Mighty like a thunderbolt, reaching beyond heavens  
Sweeping across the cosmos, no place untouched  
Eliminating altogether all that's decayed and deviant

February 13, 2014

## BURNING THE RED DEMON, TEMPERING THE DIAMOND

Ten thousand people petitioned at Zhongnanhai  
Yet the evil Party's ringleader has a deficient brain

Staking the red dynasty on fighting the heavenly Fa  
Spreading wily lies, evil wind in eight directions  
Such an ugly rogue in the history of the world  
Its tomb is dug once violent wind dissipates  
Diamond is tempered many times, the red dynasty disintegrates  
Fa disciples return to heaven, fulfilling their vows

February 14, 2014

## A SONG FROM THE ANCESTORS

I have a song  
A legend from the ancestors  
Its melody simple and wholesome  
The verses' message invites you to ponder  
Once the end times come, calamity would strike  
Dafa disciples would save people, yet they would be persecuted  
True words would be smeared by lies  
Hard for people to discern, and disaster hard to escape  
Maintaining kindness, you wouldn't go wrong  
Finding the truth, you'd escape disaster  
This is the legend from the ancestors  
The warning signs of disaster confirm my song  
Legend told that Dafa disciples would tell the truth and dispel the illusion

I wish to fulfill this legend

I wish to fulfill this song

February 15, 2014

## REALIZE MY DREAM

I have a dream

There'll be a day I will return to heaven

That is life's true home

The Creator has already come to the world

Spreading Dafa to save people back to heaven

I don't want to miss this chance

I wish to realize this dream

This is humankind's only hope

February 15, 2014

## I SHALL FOLLOW YOU, DAFA DISCIPLE

When we met, you showed deep caring

Yet you never explained your heart  
Your face was determined, and kind  
Yet you asked me not to walk with you  
You said you couldn't stop in saving the world's people  
Much less did you want me cheated by the demon  
Telling the truth is your vow  
Your kindness is like that of a divine spirit  
I shall follow you forever  
Even if I have to wander amid danger

February 16, 2014

## **IF YOU BELIEVE IN GOD, THEN DO AS GOD SAYS**

The Creator made all Gods and the cosmic body  
No matter what principles you believe in  
The God you believe in is just a speck in the cosmic structure  
Let go of racial biases  
Otherwise, however often you go to church, Gods will look down on you  
No matter what color is your skin  
Beings have all come from Gods' homes  
No matter who you are  
You are all waiting for the Creator's salvation  
Gods are each waiting to be chosen by Him

Humankind must together make the effort  
To resist the red demon Satan's evil force  
Until the divine path is extended to you

March 30, 2014

## THE SACRED SONG

Human life is always shrouded in illusion  
Every time when life loses its bearing  
I will sing, lightly, the song in my heart  
Do not complain  
Hold on to kindness  
Most people have come from heavens  
Becoming human to wait for the Creator  
That is the long-awaited hope for all beings  
This song awakens me  
This song gives me strength  
The sacred melody makes the sky clear

Spring 2014

## GODLY BEAUTY

A wonderland in the human world, as if a dream  
The sleeves are wide and long, and dance with elegance  
Filling the eye with brightly shining colors—the ancient court ladies  
They stand tall and jade-like, radiating divine light

Full of vigor, dancing with powerful movement  
Strong men of China, divine light beaming  
Righteous and grand, full of manly spirit  
Bringing back tradition is not just a wish

Spring 2014

## PASSING BY THE CITY OF GAMBLERS

Riding thousands of miles at night, road in a blur  
Drowsy head drooping, trying to keep eyes open  
Deep in the mountains, thousands of lights are shining  
As if stars falling from the Milky Way  
Lights bright, wine plenty, desires are leading the way  
Fish and dragons in the same pond, all striving for themselves

Spring 2014

## HELPING YOU AVOID THE DANGER

People have forgotten God's prophecy

A thousand years later, the Lord of Demons would reappear

Satan would build a red power

Cold War ended, yet the Chinese Communist Party is even more dangerous

The Berlin Wall fell, yet the evil specter still lingers

O the world's people

You came to the world to fulfill your mission

Do not deviate too far from the traditional path

Modern thinking is pulling people to the brink of destruction

Modern people will all see the scenes before the end

Only Dafa disciples can help you avoid the danger

July 6, 2014

## DO YOU STILL ACT WILDLY

Jumping up and down wildly

The evil media's lies howling like a beast  
People turned wicked, ghost-like, assisting the madness  
Kind thoughts are gone, conscience lost  
As the autumn wind blows, red changes to yellow  
Madness no more, panic every day  
The wicked will be punished immediately with no escape  
All evildoers have to pay  
Dare you still act wildly

July 15, 2014

## HOPE

No matter where you've come from  
Your true home is in heaven  
Our images differ, but we share the same humanity  
When life deviated from its original nature  
We came to earth  
So we may eliminate sin, and return home to heaven  
Dafa disciples are spreading the truth  
The heavenly gate will not be open long  
Returning is your hope

July 19, 2014

## LIFE IS PASSING BY

Often I feel down in life  
In injury and pain, it's as if I walk into a desert  
Whenever I am lost in life  
A true thought would flash in my mind  
Do not feel low  
Do not be cowardly  
We are waiting for the Creator, who will remake our lives  
We shall return to heaven—don't be confused by fame, gain, and qing  
This flashing thought lifts my spirits  
Life is passing by, so I must take charge with my heart  
I shall discover life's purpose in the end

August 1, 2014

## COUPLET

### GODS' WISH IS BEING FULFILLED

Shen Yun blossoms, fragrance over ten thousand miles

Truth spreads widely, saving sentient beings

August 2, 2014

## LIFE'S MEANING

I unlock your memory with my song  
Have you forgotten the promise you made before coming to this world  
To save the sentient beings in your paradise  
You came among humans to meet the Creator  
When the red demon runs wild, you are deceived by the lies  
And avoid the truth Dafa disciples tell you  
In compassion, I do not want to abandon you  
Saving sentient beings, I call out to you once again  
Fulfilling your promise—only this is the purpose of life

August 7, 2014

## WHAT Dafa DISCIPLES SAID IS RIGHT

Joyous over achievements in fame and gain

Rising up and falling down amid feelings and illusions  
People meeting or parting, dreams fulfilled or broken  
Busy for fame and gain, yet it's all acting in a play  
Beauty fades as soon as it appears, like the epiphyllum flower  
Looking back, bitterness mixed in many feelings  
What really is life for  
What Dafa disciples said is right  
I only hope I haven't missed the opportunity

August 10, 2014

## A WISH

The evening breeze strokes my face  
Bringing coolness to the summer night  
The past takes me to the house of reverie  
My growth has been accompanied by stormy waves  
The madness propped up by lies  
Has only made my belief firm  
How fortunate I am to have gained Dafa this lifetime  
In order to share this joy with others  
I live in exile, so as to avoid persecution  
I only want people to know the truth  
And know the purpose of life

So they can find hope in times of disaster

August 12, 2014

## REINCARNATION

If there really is reincarnation in life

Who was I in all the lifetimes

Where did we all come from

And when can we return

Why does life reincarnate

Who made the sun, moon, and stars move in endless cycles

Dafa disciples say the Creator made everything

This answer roars like thunder in my ears

To return to heaven, beings need His salvation

August 15, 2014

## COMING TO THE WORLD JUST FOR THIS CHANCE

Why is life so tiresome

For whom do we live in the world  
Love and hate pass like fleeting clouds  
After awakening you'll know the sorrow in the drama of life  
Money, fame, and gain cannot be taken with you  
Struggling for a lifetime, you'll still lose them  
Humans came to this world to await the Fa  
The kind ones will return home to heavens  
Reincarnating over thousands of years  
Coming to the world just for this chance

August 16, 2014

## THE CREATOR HAS COME

The Creator has come  
The world's people have all been waiting for Him  
Heaven, Earth, and all things exist because of Him  
The Creator has come  
Because heavens are dissolving, earth is decaying  
Formation-stability-degeneration-disintegration—too quickly have the end times come  
The Creator has come  
Spreading Dafa, saving beings, and clearing away dark clouds  
The Fa made right, so all cosmic realms will not decay

August 17, 2014

## LESSONS FROM HISTORY

Lessons from history are always forgotten  
The Buddha Dharma as taught by Shakyamuni  
Was rejected back then by Brahmans as aberrant  
Likewise, Jesus offended religion's interests  
And was nailed to the cross, pierced with a spear  
Dafa is spreading widely, and the new universe commences  
Those upholding religion's interests are wicked monks  
Who stand alongside the atheist red demon  
People like to keep in mind negative lessons  
And treat positive lessons as just stories  
History has left invaluable wisdom to people  
Dafa is disclosing the truth behind illusion at the final time of humanity  
Do not repeat the mistake and be misled by the evil Party's propaganda

August 19, 2014

## THERE'S STILL HOPE

Why do I want you to know the truth  
Great disaster for the world's people is descending from heaven  
Do not become objects buried with the red demon  
Persecuting world-saving Fa disciples is an immeasurable sin  
What if the persecuted are really Gods  
Those believing in the lies are the ones being harmed  
Dafa disciples are walking on a divine path no matter how much they suffer  
Only when you clearly hear the truth can you have hope

August 20, 2014

## ASKING TO HEAVENS

Water flows to the sea  
Clouds float to the sky's edge  
Reincarnating thousands of lifetimes  
Asking each lifetime why have I come  
I sing aloud a song  
Sending my voice to heavens  
Where are people going  
When are Gods coming

September 3, 2014

## THE SAME PATH

Dear friend

Do not idle away time

Please walk on the same path with me

Dafa is the treasure of my lifetime

Most people today came from heavens

To wait to be remade by the Creator

If we cultivate together, our hearts will be as one

Together we progress diligently and help each other

Returning home, guided by Gods

September 4, 2014

## WANDERING

Wandering everywhere, accompanied by clear wind

Persecuted, I cannot return to my home

I come and go, concerned with nothing but the Fa

No fame, nor gain, my heart pursues nothing  
Reading deep into the night, the moon as my lamp  
The sky my blanket, earth my bed, stars fill my room  
Wandering in the human world, I tell the truth  
Assisting Master in Fa-rectification in this life

September 14, 2014

## A DAFA DISCIPLE'S HEART

Your eyes show deep feelings  
I reply to you with a smile, but not pausing my steps in telling the truth  
Your words carry gentle warmth  
I always pretend that I don't understand  
Dafa disciples drift about amid persecution  
How can I add another portion of worry and pain, disturbing the tranquility  
I can only keep this in my heart  
Fulfilling the promise I made to Gods—saving people as I journey in the human world

September 23, 2014

## SINGING ALOUD FOR YOU

I sing aloud for you

So you will not be lost amid danger

I awaken your memory from long ago

So you will see hope for life

Heaven, Earth, and Gods are made by the Creator

Who commanded Gods to make humans on earth

When lives dropped down, they became human

Eliminating sin, they'll return to heaven

What I am singing is the truth

The Creator has opened wide heaven's gate on the eve of the great disaster

October 15, 2014

## EXPULSION OF THE EVIL PARTY'S INDOCTRINATION

Reality always alters your path

Destiny awaits amid the unknown

In delusion, you've forgotten the reason why you came to the world

Fame, gain, and qing confused your steps

With lies, the red demon led you on a demonic path

Abandon the evil Party's concepts and principles

Obtain the Fa and return to heaven—only this is your destiny

November 10, 2014

## URGING

Hear my song, with which I speak to you  
The melody is infused with compassion and salvation  
How long is the journey of human life  
Seeing the truth can dispel the illusion and brighten your vision  
Gods will not keep the decayed world  
Keeping the kind and eliminating evil—this is fated  
Gods are saving people, so quickly wake up

## MISSION

In a dream I returned to heaven  
So beautiful the sacred realm long unforgettable  
I realized atheism is a heaven-blotting lie  
Gods in the legends are all in heavens  
I wish not to return to my human skin  
Gods said the beauty will not last long  
And Dafa that offers salvation is spreading in the world  
Only by finding Dafa will beings have hope  
People came to the world, each carrying hopes from one's own paradise  
These paradises are waiting for their Kings  
I know my mission now  
And will no longer be lost in life

November 14, 2014

## I HELP YOU CLEANSE YOURSELF

Dafa disciples have told you the truth behind illusion  
Those truly poisoned are the mass of people, including you  
Believing the lies, you will disintegrate along with the red demon  
Telling the truth to save people—this compassion comes from my heart  
Reaping no reward, I often get up early on cold days

Having no time to eat, nor rest in steaming hot weather  
To save people, I withstand terror and pressure  
Since I promised Gods to wake you up in the time of danger  
You came from heaven, and gaining Dafa is your purpose  
That will help beings in your paradise escape calamity  
This is the reason for your descending to be human  
Do not let the red demon brainwash you with Party culture  
Beings in your paradise are longing for you

December 2, 2014

## IN A WAVE OF THE HAND

Wind howling  
Clouds floating  
The red tide's vicious wave cannot block the way  
Sailing with compassionate salvation, eliminating great tribulations  
Bracing against the wind, traveling thousands of miles  
Upon coming, red flowers were as if watered by blood  
Upon returning, yellow flowers blossom beautifully all over the land

December 3, 2014

## SITTING AND OBSERVING THE HUMAN WORLD

Over the vast sky, dark clouds floating  
Wind in the mountains blows over the lake, ripples sparkling  
Sitting cross-legged in the pavilion, body and mind still  
Observing quietly the human world, great calamity about to fall  
The red dynasty has receded, good and evil are distinguished  
Quickly seek a way out, search for the Fa  
Sitting outside the world, worrying for all under heaven  
People in the world today were Gods from heavens

December 4, 2014

## YOUR SENTIENT BEINGS ARE WAITING FOR YOU

You've known the truth behind the persecution  
You are the one who's poisoned in the suppression  
Believing in the lies, you'll disintegrate with the red demon  
I promised Gods to awaken you  
Your purpose for coming to the world was to obtain Dafa  
So beings in your paradise would evade danger  
This is the reason for your coming to be a human being

Do not let yourself be harmed by the red demon that deceives the world  
Learn the truth, your sentient beings are waiting for you

December 11, 2014

## PATH OF HEAVENLY RETURN

My friend, why do you only concern yourself with being busy  
Humankind has stepped on a dangerous path  
Atheism has sabotaged people's final return  
The theory of evolution is a lie, a poison  
Science is the stake to bet against humankind  
The red demon also instills evil in people's minds  
Dafa disciples are disclosing the truth  
Because you once pleaded to Gods for help  
To lead you on a path of heavenly return before the end

January 2, 2015

## WAKE UP, WAKE UP, CHINESE NATION

The Chinese nation is no longer the same after sixty-five years  
The lofty words of a false peace are still deceiving people  
White clouds float in the blue sky  
In the memory of the past, I find  
Green hills and fields, clear rivers  
In the legends we've heard from my father's generation  
The red disaster brought by a gang of hoodlums at that time  
Killed the best of the Chinese nation  
And torched millennia-old national relics  
Denying history, humanity, and tradition  
Civilization of five millennia started then to decay  
Wake up, wake up, Chinese people  
Disintegrate this evil ghost and red demon  
And return to the Celestial Empire, the ancient country

## SHEN YUN BRINGS ME BACK TO THE HAN COURT

Broad robes, wide sleeves, dances of high spirit  
Manly strength and righteous air—Tang, Song, and Ming  
Heroic songs of the great Han—still going strong

Leaping in the air, flipping and turning with nimble moves  
Peaceful and divine ladies dance elegantly with long silky ribbons  
As if heavenly maidens have landed in the spacious court  
Purely true and purely kind, their beauty enchanting  
Graceful and gentle, their steps elegant like jade  
Shen Yun brings me back to the Han court

2015, written for the 2007 class

## SHEN YUN BRINGS FORTH A DIVINE REALM IN THE HUMAN WORLD

Gorgeous costumes and beautiful scenes accentuate the flying maidens  
Graceful and agile, they dance in elegant steps  
Heroes with magic powers display the past and present  
Heavenly music and sacred songs reach the clouds and sky  
Floating across the elegant stage through rosy mist  
Flawlessly beautiful ladies dance in colorful skirts  
Men in Han robes surge with high spirits  
Shen Yun brings forth a divine realm in the human world

2015, written for the 2008 class

## SHEN YUN DANCES THE ANCIENT WAYS

Divine music playing, charming figures swing their skirts widely  
Clad in Chinese robes, the men swell with high spirits  
The dynasties of Zhou, Han, Tang, and Ming appear in the dances  
Traveling back in time, journeying to one's heart's content  
Innocent are the young maidens, as if beautiful flowers  
Heroes dance and leap, soaring with an air of righteousness  
Ancient ways of China are displayed in the world  
Returning to tradition, a hundred flowers blossom  
Shen Yun dances the ancient ways on stage

2015, written for the 2009 class

## SHEN YUN OPENS THE DOOR TO TRADITION

Under blue skies and white clouds, the maidens' beauty is accentuated  
Tender like willows, and divine are their moves, unstained by dust  
A thousand beauties and a hundred charms all come from nature  
Like the fresh, dewy lotus, pure are all the blossoms  
Imposing and dignified, spirits through the ages  
Leaping in the air, the dancing heroes are subjects of the Celestial Empire  
Since ancient times, heroes have abounded in the land of China

Flipping and turning, they are half-human and half-divine  
Shen Yun opens the door to tradition

January 2015, written for the 2013 class

## SINCERITY

In my heart, your friendship  
Is so sincere  
When Dafa disciples face suffering  
It warms the chill in my heart  
When I face hardships  
This friendship helps me be even more steadfast  
I want to tell you the truth  
My mission is infinitely sacred  
I will turn your sincerity into renewal of life

## REVIVING THE NATION

Beyond the ocean lies  
My home that I left long ago  
The divine culture of five millennia is infinitely glorious  
Its mountains and rivers enchanting, people beautiful and flowers fragrant  
Dafa spreads widely, Buddha's light radiating everywhere  
The red demon aims to block, stirring up violent waves  
Mountains are no longer green  
Waters have stopped running  
The sky is no longer blue  
And rice is no longer flavorful  
Dafa disciples save sentient beings, shouldering the hardships  
They spread the truth, and the red tide is receding  
They bring back tradition, and revive the nation

## CHOOSE ONCE AGAIN

Why do I tell the truth for you to hear  
Lies have harmed too many lives  
Why does the red demon use all the state's power to suppress Falun Gong

Just to confuse you as it knows Dafa will save people in the end times  
You are among the people deceived by its lies  
Yet Gods have set terms for saving people in the end times  
Those who remain silent amid persecution will not be saved  
Those who assist the evil and defame Dafa are being eliminated  
Compassion is the nature of Gods  
The Creator offers people one more chance to choose  
In order to save all beings  
I'll resist persecution to call back your life

March 1, 2015

## TAKING YOU BACK TO HEAVEN

My song sings the truth you've long awaited  
Humankind meets with danger since morality has declined  
Atheism is a big lie spread by Satan  
The theory of evolution is fanciful thinking pulled out of thin air  
Science has led humankind on a dangerous course  
The universe is the masterpiece of the Creator  
Who asked Gods to create human beings on earth  
We are waiting for Him to take us back to heavens  
Do not let the red demon deceive you  
The persecution comes to make people destroy their own hope

Dafa disciples are Gods' messengers  
Who are leading people back to the path guided by Gods

## MORNING LIGHT

All things welcome the morning sun  
The evil flaunts its strength in vain  
Fifteen years of chaos and disaster  
The land has become desolate  
Human hearts no longer wholesome  
Poison has reached even people's food  
Retribution will claim bad people  
See who will have the last laugh

March 17, 2015

## THE SONG OF CHINA

Civilization of five millennia

Glory of divinely imparted culture  
We are Gods' descendants  
Hardworking, brave, civilized, and kind  
Profound history is our nation's glory  
Heroes through the ages shine like stars  
The splendid land bestowed benevolently by Gods  
This is the place where the Creator descends  
Saving all beings, restoring the righteous way with His immense grace  
Chinese civilization will flow on forever

March 17, 2015

## WHEN WILL YOU WAKE UP

Cold wind still lingers  
Drizzling is the rain  
Amid persecution, saving people is urgent  
Bodily injuries  
Can be healed  
When poisoned by lies, salvation is hard  
Disasters are ruthless  
Yet calamity has eyes  
Do not be eliminated along with the red demon  
Seek the truth quickly

Those who can tell apart good and evil are outstanding  
Dafa disciples show their compassion  
They suffer only because they wish to save you  
Enduring thousands of hardships  
Not retreating from the hardest tribulations  
Not seeking reward  
They are cultivators  
They will fulfill their wishes and return in consummation

## SHEN YUN DANCES

Dancing with long sleeves, heavenly maidens charming  
Gentle is their bearing, their divine sleeves waving  
Heavenly dances, sacred songs, beautiful like a painting  
Radiant lights in tens of thousands, dark clouds clearing

## RETURNING TO THE RIGHTEOUS WAY

Green hills, clear waters, ancient pavilions  
Heavenly maidens float down, dancing in gentle grace  
Divine style, ancient elegance, tradition is shown  
Returning to righteousness, the way doth shine

## THE CHANCE OF SALVATION IS A MOMENT

Behold the vast sky and the immense universe  
Stars countless as the Ganges's sand  
Invisible to the naked eye, Gods and Buddhas throughout the cosmic vault  
Atheism is a lie deceiving people  
The theory of evolution is denigrating people  
Science has come at too great a cost, leading aliens to control humans  
People came from heavens, here in the world for a short stay  
During the end times, even the cosmos is dissolving  
The Creator is re-creating heavens above and earth below  
Myriad Gods and Lords came to be human beings, waiting for His salvation and acceptance  
The red demon oppresses Dafa insanely to cover up the truth  
Do not lose yourself and succumb to the lies and pressure  
You came to the world to wait for this moment of salvation

March 30, 2015

## IT'S HAPPENING, ISN'T IT

Good and evil repaid in kind—the heavenly law is clear  
Gods and Buddhas throughout heaven watch what people do  
Persecuting Dafa disciples is the sin most severe  
They will pay now—it's happening, isn't it

## WHAT TO DO

Without the Dao, heaven is disintegrating  
Without de, earth meets all kinds of disasters  
Human hearts have been warped, bottomlessly  
When the great disaster comes, who will take care of thee

April 22, 2015

## KNOWING THE TRUTH, YOU'VE BEEN SAVED

When Gods lose the Dao, heaven will disintegrate  
When the world's people lose de, great disaster arises  
The Creator has come to the human world  
Re-creating the universe and spreading the Fa principles

Most people were originally Gods, yet they don't recognize themselves  
Seeking salvation and remaking, they came here  
Understand the truth and cleanse your life  
Once righteous thoughts emerge, you've been saved

April 23, 2015

## WHAT WE EXPRESS IS TRUTH

To save sentient beings, we travel on a long journey  
Flying over plains, mountains, and seas  
Spreading the Creator's calling  
And displaying the divine culture's glory

On the dance stage, I spread the truth  
So many people have awakened, no longer lost  
Awakening all beings is my mission  
Dafa disciples are saving people back to heavens

April 28, 2015

## DIVINE DANCE AND HEAVENLY BEAUTY

Divine beings float down from high heavens  
Turning gracefully, they journey in the human world  
Elegantly they dance, their postures beautiful  
As if pure lotus flowers, each fresh with dew  
Beautiful moves incomparably gorgeous, as if stepping on clouds  
Singing lightly like petals dropping, twirling long sleeves  
So youthful and fragrant are the beautiful maidens  
Graceful, jade-like, they dance with amazing ease

## AWAKENING HOPE WITH MY SONG

I stand on the world's stage  
With songs, I awaken hope for people  
Delivering Gods' calls with the melody  
And relaying the truth with the verses  
Enduring pressure, I remove danger for you  
Most people have come from heavens  
Becoming human in order to save beings in their paradises  
Because the cosmos is disintegrating in the end times  
They descended to the world to obtain the Fa  
Cleanse themselves of karma  
And remake their divine bodies  
They'll achieve consummation and return to heaven

## UNDER THE MEDITATION PAVILION

Light breeze blows over the meditation bench  
Under the tree where birds sing and chirp  
Green mountains and clear waters remain the same  
Yet several summers go by as I watch from the pavilion

## IT'S UP TO YOU WHETHER YOU BELIEVE IT

Gazing at the starry sky, I search for my home

Most people were Kings from heavens, having descended to the world

Waiting for the Fa's spread in the end times, so as to save beings in their paradises

Over a long time, they've forgotten the wish they had when they came

Human beings have been led to an abyss today

Atheism is undermining lives' divinity

The wicked theory of evolution insults humans, calling them beasts and apes

Modern science leads people to disaster

Humankind has come to the ultimate danger

Compassion is Gods' nature

Dafa that saves is spreading widely to the predestined

Finding Dafa is people's hope

Finding Dafa, you'll be able to return to your home in heaven

June 13, 2015

## RETRIBUTION

Mind troubled by anxiety

Knowing that things won't last long

Panicking everyday

Police-car sirens wail

Once the persecution is over, all has to be repaid

Evil methods have all been recorded

Tasting each of them will hurt even ghosts' stomachs

See if the rotten archfiend will still be raging wild

The ringleader, a hooligan

Stomach filled with bad stuff, like a weasel

Reaching the dead end, having no place to hide

Payback in the human world isn't enough

It will be hung in the public square on a heavenly hook piercing through its skin

Making ghosts in hell quite busy

## JOURNEY TOWARD THE SHORE GUIDED BY GODS

When human life strays off its bearing

Like a boat lost at sea

When the waters are smooth, we hoist the sail

Yet more often we meet rough waves and dangerous shoals  
Not knowing the direction  
No harbor in sight  
Let us not forget our prehistoric vows  
The cosmos is going through a vast transformation  
Most people came from heavens  
Descending to the world to await Dafa and connect the sacred predestination  
Eliminating karma  
Remaking our divine bodies  
Only then can we save our paradises from danger  
Hoist the sail  
Find our destinies  
And journey toward the shore guided by Gods

June 2015

## TIANGUO MARCHING BAND

Fa drum and Fa horn display mighty power  
Eliminating the wicked and evil, calling people to return  
Saving people in the end times, shaking Heaven and Earth  
Fa rectifies the universe, radiating brilliant light

August 1, 2015

## HOW MANY PEOPLE ARE AWAKENED

No matter how good the human world is, it's no match for heaven  
Human feelings are unstable, not lasting long  
Riches and glory cannot be taken with you to the next life  
For whom do you busy yourself, fighting for fame and gain  
People came from heavens to obtain the Fa  
Eliminating karma and remaking your divine bodies  
Your paradise will receive a new King

August 2015

## DANCING WITH GODS TO BUILD A HEAVENLY BRIDGE

Performing on a world tour, journeying thousands of miles  
Crossing cities and seas, traveling high mountain roads  
Saving all beings and spreading the truth  
Dancing with Gods to build a heavenly bridge  
The Creator will come in the end times  
Myriad Gods came down to earth looking for Him

Who'd remake the cosmic bodies, spread the great Dao  
Obtaining the Fa and being remade, all beings smile  
You once pleaded to Gods to save you back to heaven  
I use my song to tell you all this  
Touring the world, calling out to people

## FOR WHOM IS THE MOON FULL

Mid-autumn moon hangs high since ancient times  
On the day when the moon is full, a chill fills my heart  
Dafa disciples are suffering—who'd watch the moon  
The moon is full in vain every mid-autumn day  
Today is mid-autumn again, the ugly drama shall end  
The evil Party is like autumn—see who's worried  
Wishing to appreciate the moon, hard to raise the eyes  
Once the red tide recedes, the moon is ever more full

Mid-Autumn 2015

## THE MOON IS BRIGHT FOR PEOPLE

The moon has brightened the night for thousands of years  
Not letting darkness take hold of people  
Springs go and autumns come, so many changes  
The bright moon still radiates thousands of lights  
Sea changes have taken place, cycling on  
Yet the righteous way has never strayed since antiquity  
Reincarnating again and again—what is it for  
The bright moon is silent—ask to the heavens  
Truth is known in the end times—it's to wait for Gods' salvation  
The heavenly path lies between good and evil

Mid-Autumn 2015

## MID-AUTUMN CELEBRATION

Divine beauties in the human world dancing gracefully  
Strong and agile are their moves, heroes displaying bravery  
Dancing together at mid-autumn, performing their own scripts  
Amid happy songs and laughter, red tide recedes even more  
Divine culture accruing strength, waiting for renewal  
Today's stars will shine one day more brilliantly
